SUPER-SELF-CATERING

Mesnerhof-C is no standard good and does not offer pre-staging. In contrast to over-organized tourism happiness machinery we give our guests space for self-defined workflows and individual design. In our place you can – taking into consideration a few rules – finally do your own thing, decorate at your whim, run riot with your culinary art and set-up exactly the atmosphere that reflects your perception of successful Being Together. Organising your stay – whether if holidays, events or workshops – is in your own hands.

Of course we are amenable to your wishes and provide with this “Super-list for Self-Caterers” some useful assistance. In this list you can find – based on our kitchen equipment – those regional service providers who offer suitable services, referring to the self-catering level you desire. From the down-to-earth butcher to the private cook, from the local hiking guides to the edgy full-service-agency with agile team-events.

IMPORTANT!!! Except the beverage supplier services have to be booked and billed on your own. We do not assume responsibility for any kind of such contractual relationships.

Certainly, we are glad to receive any feedback on our equipment and the external service providers as we’re aiming at provide you with super-services. Likewise we are happy about tips what’s missing in our list.

Thank you very much!

****Super****
